Subject: CES: Donated Vac Boxes (VB25333, VB25281, VBDW25196)
Date: Friday, April 03, 2015 1:49:00 AM

Leroy:

We need to be watching when the donated vac boxes are ready from Veolia. If we still need the vac boxes, we need to make sure that we get these back. The dewatering box can go back unless you think we may need it for dewatering purposes otherwise it can go back to Dynamic. It is very important that you monitor this.

Thanks
